

News From Our Coastal Region

May 2017

Help update our Action Plans

We're talking with technical experts, First Nations, stakeholders and community members about updating our 14 Coastal Region Watershed Action Plans. Help us update the Action Plans that guide our funding decisions, and are the basis for determining the conservation and enhancement projects we fund. [More](#)

Come to an Action Plan workshop

The workshops are your opportunity to talk with us about conservation priorities and potential projects. Doors open at 12:30, discussion starts at 1:00 p.m.

[Cheakamus River Watershed](#) at Squamish, Tuesday, May 23.

[Bridge-Seton Rivers Watersheds](#) at Lillooet, Wednesday, May 24.

[Shuswap River Watershed](#) at Vernon, Thursday, May 25. (Note: space limited so highly recommended to [RSVP](#))

[Alouette River / Stave River Watershed](#) at Mission, Monday, May 29.

[Coquitlam River Watershed](#) at Port Coquitlam at Tuesday, May 30.

Please [review draft Action Tables before the workshop](#).

Public review of draft Action Plans

Following community workshops this past winter, the first round of draft Watershed Action Plans will be available for public review in June. Review of draft Action Plans for the remaining watersheds will start later this summer. If you attended a workshop, or commented via email, we'll let you know when the public review starts. Coastal Region's Watershed Action Plans will be final in the fall, in time for our annual grant intake. [More](#)

Rare owl chick hatched - watch the webcam

After a 15 days in intensive care, Chick D was returned to the nest on May 5. It is getting stronger by the day and the webcam is getting very exciting! [Watch the](#)

[webcam](#), and get the latest information. Make sure you also check out the nest at night under the infrared light. Here's Chick D on May 16, 2017.

Coquitlam River Roundtable, June 10

Join the Coquitlam River Watershed Roundtable for an engaging community forum with guest speakers. Contribute to the discussion on how to build capacity to support collaborative watershed governance initiatives in the Coquitlam River watershed. [More](#)
