

FISH AND WILDLIFE
COMPENSATION PROGRAM

Update from the FWCP's Peace Region March 2015

Seeing the Forest AND the Trees!

Grade 5 students from Mackenzie's Morfee Elementary School headed into the forest in late 2014 to learn about tree growth, wildlife, First Nation use of plants, and other topics that meet Ministry of Education learning outcomes. This field trip, led by Wildlife Infometrics, with funding from the FWCP, is a big hit with local students.

March 27 - Caribou Populations in B.C.

Join Provincial wildlife ecologist Dr. Dale Seip for a free discussion on declining caribou populations in B.C. and the challenges of recovery. This session is funded by the FWCP in collaboration with UNBC. Join us online if you can't make it to the Prince George campus, Weldwood Theatre on Friday, March 27 from 3:30 p.m. to 4:30 p.m. Learn more.

New Projects for 2015

The FWCP-Peace Board has now finalized its decisions and will publicly announce all 2015 fish and wildlife projects in April. Thanks to everyone who applied!

Board Members Guide Work

In the FWCP's Peace Region, a 16-member Board makes funding decisions and guides the FWCP's work. First Nations, public representatives and agencies, including the Province, DFO and BC Hydro make up the Board. A First Nations Working Group provides advice to the Board. Contact us if you have a question for a Board member.

FWCP-Peace Board members who met with the Coastal and Columbia Boards in fall 2014.

FWCP Reports - Available Online

Final reports from FWCP projects are [available online](#). They are also posted in the provincial databases so you can now find information from across the region and across

the province.

Please [email](#) FWCP-Peace Program Manager Dan Bouillon, or call 250-783-7509 anytime if you want to know more about the FWCP's work.

The FWCP is a partnership between First Nations, Public Stakeholders, BC Hydro, Fisheries and Oceans Canada, and the Province of B.C., to conserve and enhance fish and wildlife impacted by the construction of BC Hydro dams. Find out more at fwpc.ca
