## News From Our Coastal Region

November 2016

### New Manager for Our Coastal Region

Julie Fournier joins us as the new Manager for our Coastal Region, with Trevor Oussoren continuing his role as our Program Manager and coordinating the activities in all three regions.

With a Bachelor of Science from the University of Guelph, Julie has been with BC Hydro since 2007. She has extensive knowledge of our Coastal Region where she was implementing Water Use Plans. [More](#)

### Join Us! Updating Our Action Plans

We're starting discussions now to update our 2011 Watershed Action Plans. The Action Plans guide our funding decisions and help determine the conservation and enhancement projects we support. We want to hear your ideas. Join us in Sooke, Nov. 22 from 1 to 4 pm at the Prestige Oceanfront Resort. Join an upcoming online discussion about the Falls River and Clayton Falls watersheds. More Vancouver Island sessions coming in January. [More](#)

### Grant Applications: Review Underway

We received 154 grant applications with a combined request of over \$7.3M for 2017-2018 projects in our three regions. Sixty-three grant applications for Coastal Region projects were received. All grant applications are now being reviewed. Learn more about how we review and evaluate grants, and when our Board will decide. [More](#)

### We're Helping Endangered Owls

Canada's most endangered owl is getting much-needed help at the Northern Spotted Owl Breeding Program near Langley. We're glad to be helping this important effort. [Watch this video.](#)

## 2015 Review Results

We contracted Insights West in 2015 to do a Review of Perceptions and Opportunities for Improvement among First Nations, our stakeholders and the public. See what you had to say. [More](#)

## Read Our Reports

We post and share all [final project reports](#) so the results and lessons learned are available to everyone. We're updating our library often as new reports are finalized. [Contact us](#) if you can't find what you're looking for.

The [FWCP](#) is a partnership between BC Hydro, the Province of B.C., Fisheries and Oceans Canada, First Nations, and Public Stakeholders, to conserve and enhance fish and wildlife impacted by BC Hydro dams.
