## Peace Region Action Plan Update

February 2020

---

### **We're updating our action plans and want your input**

Help us update our Peace Region action plans, which guide more than \$1.5 million each year toward fish and wildlife projects in our Peace Region. [Read more.](#)

We want your input on priority actions to conserve and enhance fish and wildlife impacted by existing BC Hydro dams. Join the discussion and [learn more about the FWCP](#), our [vision, mission](#), and the [projects we fund](#).

### **Save the date: come to a workshop, open house or info session**

Attend one of our online information sessions, come to an afternoon workshop or an evening open house.

#### **Online information sessions:**

Wed. April 8, 10-11:30 a.m. PDT or Wed. April 22, 7-8:30 p.m. PDT

Please RSVP to [fwcp@bchydro.com](mailto:fwcp@bchydro.com) and let us know which session you would like to attend.

#### **Workshops and open houses:**

Spend the afternoon with us to review our draft priority actions and share your thoughts, or come for the evening to learn more about the FWCP, draft priority actions, and how you can share your ideas.

**Mackenzie**  
Tues. April 14

**Hudson's Hope**  
Wed. April 15

**Prince George**  
Thurs. April 16

Afternoon workshops: 1:30-4:30 p.m.

Evening open houses: 6:30-8 p.m.

Please RSVP to [fwcp@bchydro.com](mailto:fwcp@bchydro.com)

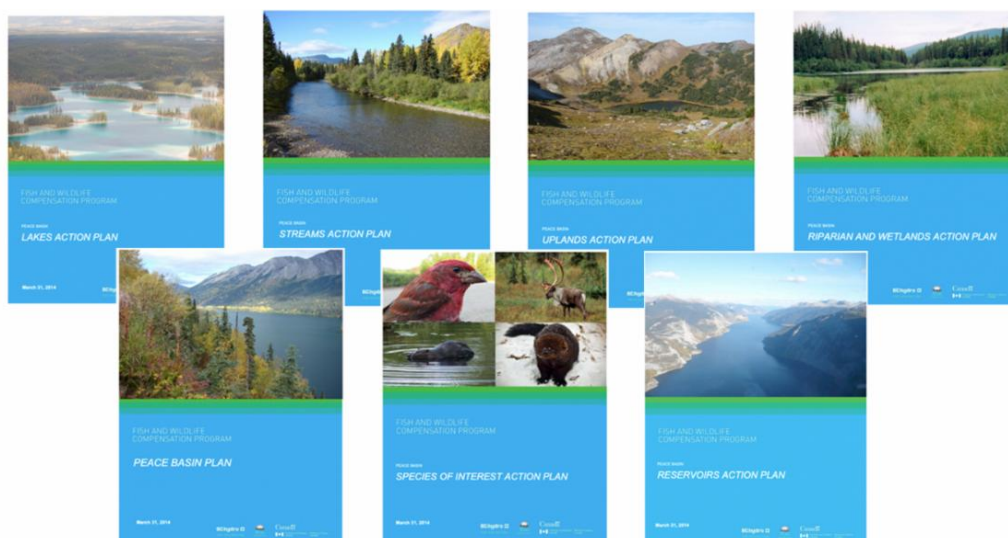

The FWCP recently updated its Coastal and Columbia Region action plans, and will finalize updated Peace Region action plans by August 2020.

### What's next?

We'll send background materials and meeting details to all confirmed participants after March 23, 2020.

If you can't attend a session, our online feedback form will be available March 23, along with our draft priority actions. Contact our Peace Region manager, [Chelsea Coady](#), if you have any questions.

Our current action plans have guided more than \$7.1 million toward 114 fish and wildlife projects in our Peace Region from 2014 to 2019.

**The FWCP is a partnership between BC Hydro, the Province of B.C., Fisheries and Oceans Canada, First Nations, and public stakeholders to conserve and enhance fish and wildlife in watersheds impacted by existing BC Hydro dams.**
