Start here: what is a progress report task?

Progress reports and progress statements of accounts are optional for Large Grants and Small Grants. Progress reports are an excellent way to keep the FWCP informed about your project.

A progress report **and** a progress statement of account must be submitted and approved by FWCP staff in order to trigger the optional second payment.

The main project contact and any collaborators on the project will have access to the progress report task. For the purposes of these instructions, the contact or collaborators will be referred to as "the proponent" or "you."

If you have initiated a change request that has not been approved yet, the system will no longer allow the creation of a progress report task. The change request must be approved or deleted before a progress report can be initiated. If you want your change request deleted, please contact Melissa Fiel de Sousa at <u>melissa.fieldesousa@bchydro.com</u> or 604-528-8136.
