

## Apply now: grants available for fish and wildlife projects

Our annual grant intake is now open, and we're looking for projects to help conserve and enhance fish and wildlife in our Peace Region. Projects eligible for a grant must align with priority actions in our Peace Region's [action plans](#) at [fwcp.ca](http://fwcp.ca).

Join First Nations, non-government organizations, stewardship groups, colleges, universities, consultants, and others who have used FWCP grants to do important projects that benefit the region's ecosystems, its diverse and at-risk species, and its vital habitats. This year our Peace Region board approved ~\$1.3 million for nine fish and 17 wildlife projects. Check out our [2021-2022 project list](#).

### Submit a notice of intent by September 13

The notice of intent (NOI) is a concise project description that helps inform First Nations about your proposed project. It is the basis for identifying opportunities for First Nations perspectives on and involvement in your project. The NOI also helps our Peace Region manager give you additional guidance to support your grant application. The NOI is due Monday, Sept. 13. [Learn more](#).

Find out what grants we offer and how to align your project idea with our regional action plans. Talk with our Coastal, Columbia, and Peace region managers and meet our program manager. Get answers to your questions and tips on developing your grant application.

## Contact me about your application

“The projects we fund through our annual grant intake are vital to the work we do,” says Chelsea Coady, the FWCP’s Peace Region manager. “We’re looking for new and past grant applicants interested in doing a project that addresses priority actions in our region.”

“Anyone thinking about submitting a grant application can call or email me anytime to talk about their proposed project,” says Chelsea, adding that she is looking for quality grant applications and wants to help you strengthen your application. [Contact Chelsea.](#)
