

## Grants available: Notice of intent due by September 13

Our annual grant intake is now open, and we're looking for projects to help conserve and enhance fish and wildlife in our Peace Region. Projects eligible for a grant must align with priority actions in our Peace Region's [action plans](#) at [fwcp.ca](http://fwcp.ca).

The first step in applying for a grant from our FWCP Peace Region is to submit a [mandatory notice of intent](#) (NOI) by 5 p.m. Monday, September 13. This is a concise project description that helps inform First Nations about your proposed project. It is the basis for identifying opportunities for First Nations perspectives on and involvement in your project. The NOI also helps our Peace Region manager give you additional guidance to support your grant application. [Learn more](#). The deadline for grant applications is 5 p.m., Friday, October 29, 2021.
