

Annual newsletter: download your copy today!

Our annual newsletter is online now and includes quick updates on FWCP-funded fish and wildlife projects from across our three regions. Scroll through the [PDF](#) or flip through our interactive version [online](#). For more information about the projects we fund, see our regional [project lists](#) or clickable project maps for our [Coastal](#), [Columbia](#), and [Peace](#) regions.

Update: 98 grant applications being reviewed

Our annual grant intake closed in October, and we received 98 applications for potential projects across our three regions: 24 grant applications for our Coastal Region, 47 for our Columbia Region, and 27 for our Peace Region. Our three-stage review and evaluation is now underway. Our regional boards will make final decisions in early 2022. Next steps: read our [information kit](#). Read our funding [FAQs](#).

Upcoming events: turtle recovery and Arctic grayling

[Register today](#) for any of our one-hour information sessions at fwcp.ca/events.

Western painted turtles
Recovery efforts in the Lower Mainland
Friday, November 19, at 1:30 p.m. PT / 2:30 MT

Arctic grayling

How eDNA is helping expand knowledge about habitat use in the Williston Reservoir

Thursday, November 25, at 12 p.m. PT / 1 p.m. MT

We're planning more online information sessions about FWCP-funded projects and other topics we think you'll be interested in. Be sure to follow us on Instagram and LinkedIn and be the first to know when we've got more dates and topics firmed up.

Thank you for taking our audience surveys!

Thanks to everyone who completed our communications surveys. It was good to hear that our e-letters, website, and social media channels are viewed favourably. Expect more FWCP facts and online events about the projects and species we support through annual funding. Your input is important to us. It is helping inform our revised communications strategy, which will focus in part on sharing project results and making sure you know how and when to apply for our grants!

The FWCP is a partnership between BC Hydro, the Province of B.C., Fisheries and Oceans Canada, First Nations, and public stakeholders to conserve and enhance fish and wildlife in watersheds impacted by BC Hydro dams.
