

## News From Our Peace Region

### October 2017

#### Apply in October for Grants

Grant applications for fish and wildlife projects are due this month. We fund projects that align with our Action Plans. If you're applying for a grant you must have submitted a mandatory [Notice of Intent](#) by September 8, 2017. Contact Peace Region Manager, [Chelsea Coady](#) if you have questions. [Grant applications](#) are due Friday October 27, 2017 by 5 p.m. PDT.

#### Update: Notice of Intent

By now, anyone who submitted a Notice of Intent has received a response from us with some guidance on developing your grant application, and a list of First Nation contacts. See our updated guidance - [key discussion points](#) - to help you with these important discussions with First Nations. [Contact us](#) anytime if you want support.

#### Meet our Board next week in Prince George

Have questions for our Board, or just want to find out more about the FWCP? Then [join us next week](#) for an informal discussion and light snacks. Let us tell you about our grants, and how you can apply for one next year.

**When:** Wednesday, October 11th, 2017  
3:30 p.m. - 4:30 p.m.

**Where:** Prince George Ramada Hotel, Skylight Ballroom  
444 George Street

There is no need to pre-register. Please [let us](#) know if you have questions.

#### Reminder: guidance for Arctic Grayling projects

If you're interested in Arctic Grayling projects, read more information on our [Arctic Grayling page](#) of the website; there you will find links to our synthesis report, and our monitoring framework. Grant applications for projects to conserve and enhance Arctic Grayling in our Peace Region must align with monitoring needs in both of these documents.

## Scott West Caribou Herd likely extirpated

Many central mountain caribou populations throughout British Columbia have declined significantly over the years. A project, funded by the FWCP, attempted to determine if one sub population, the Scott West Caribou herd was still in existence, but the results indicate that it is likely extirpated - or locally extinct.

## Read our reports

We post and share all [final project reports](#) so the results and lessons learned are available to everyone. We're updating our library often as new reports are finalized. [Contact us](#) if you can't find what you're looking for.

## Manager's message

I know many of you are working on grant applications due October 27. I'm really hoping we get lots of strong applications for projects that align with our Action Plans. If you want to talk about any aspect of your grant application, please [contact me](#). I can help you get started, answer any technical questions, or acquaint you with our online grant application. If you haven't started your grant application yet, don't leave it too late. Be sure to leave enough time to gather all the information you need.

Contact me, Chelsea Coady, FWCP Peace Region Manager, at [chelsea.coady@bchydro.com](mailto:chelsea.coady@bchydro.com) or by calling 250-561-4884
